Hello, I am from the Economic and Social Research Institute in Dublin. We have been commissioned by a group of researchers in University College Dublin to carry out a survey into peoples attitudes to a range of social issues. Your name was selected at random from the electoral register for inclusion in this survey. All the information you provide will be treated in the strictest confidence and will not be released to anyone in any way which would allow your views and your opinions to be identified with you. This survey is being conducted at this time in more than 20 European countries including countries in Central and Eastern Europe. It will allow us to examine how Ireland compares relative to other countries in terms of attitudes, experiences etc.
